**FOR IMMEDIATE RELEASE**

**Symbolic & Chase Announces Exclusive Debut Selling Exhibition in Dubai  
10–11 December | Bulgari Yacht Club, Jumeirah Bay | By Appointment Only**

London, UK — Symbolic & Chase, the distinguished Old Bond Street jewellers celebrated for their curatorial approach to rare vintage and contemporary masterpieces, are pleased to announce their first-ever selling exhibition in Dubai. The event will take place on the 10th and 11th of December at the Bulgari Yacht Club and will be available strictly by appointment.

From their private two-floor salon in London — a contemporary space enriched with antiques — Symbolic & Chase have spent over 27 years sourcing exceptional jewels and objets d’art from across the globe. Their philosophy blends anthropological curiosity with a deep appreciation for jewellery as an art form, resulting in an eclectic collection shaped by both historical significance and aesthetic excellence.

Known for their tailored, discreet, and highly knowledgeable client service, the team at Symbolic & Chase brings decades of market experience, including time within leading international auction houses. This allows them not only to offer extraordinary pieces from their own collection but also to advise and represent clients navigating the complexities of global auctions.

Over the years, Symbolic & Chase have had the privilege of guiding multi-generational families in building collections that reflect personal taste while contributing to a lasting

cultural legacy. Each collection becomes a living record — a dialogue between individual histories and the broader continuum of human craftsmanship and creativity.

For their Dubai debut, Symbolic & Chase will present a curated selection of vintage treasures from legendary maisons such as **Cartier, Mauboussin, and Suzanne Belperron**, alongside contemporary creations by some of the most revered artists working today, including **JAR, Hemmerle, Theodoros, Maurizio Fioravanti, and Leen Heyne**.

This rare two-day event offers collectors and connoisseurs in the region an opportunity to experience jewellery of exceptional artistry, provenance, and rarity — brought together in an intimate setting befitting the exclusivity of the pieces on view.

**Exhibition Details:**
